CAREER OBJECTIVE

To seek a position in a company that can launch my career and helps me build a stronger skill set by contributing to the company's growth. To enhance collaborating skills and work on exceptional projects. To balance work and personal life.

EDUCATION

PBR VISVODAYA INSTITUTE OF TECHNOLOGY AND SCIENCE
B.TECH — CSE-IOT | STATUS : Currently pursuing | Kavali

2022-2026
Current GPA: **8.36/10**

EXPERIENCE

ServiceNow Intern

Brain o Vision (On-Campus Internship) | Duration: 2 Months

- Worked hands-on with ServiceNow modules including ITSM, Incident Management, Change Management, Workflows, Forms, and CMDB.
- Gained experience in building automation workflows and understanding enterprise service management processes.
- Worked on real-time scenarios to strengthen practical knowledge of ServiceNow features.

PROJECTS

Employee Onboarding Automation – ServiceNow

- Built an automated Employee Onboarding workflow in ServiceNow using Flow Designer and approval tasks.
- Created New Hire forms, Catalog Items, and CMDB updates with Business Rules and Client Scripts.
- Added a simple REST API integration to streamline account creation and reduce manual work.

Aesthetic Whispers Art Gallery (HTML, CSS, Responsive Design)

- Developed a responsive multi-page art gallery website with seamless user navigation.
- Implemented full CRUD operations for artwork management in the admin dashboard.
- Integrated shopping cart and secure checkout to enable real e-commerce functionality.

Water Level Monitoring System (Arduino, IoT, C)

- Developed an IoT-based system using Arduino to monitor and control water levels.
- Integrated sensors for real-time detection and automated alerts to prevent overflow.
- Gained hands-on experience in embedded systems, IoT protocols, and hardware-software integration.

SKILLS

- **Programming Languages:** Java, JavaScript, SQL, C
- **Frontend Development:** HTML, CSS, Bootstrap, React
- **Version Control:** Git/GitHub, VS Code
- **IoT:** Basic Arduino programming (connectivity and programming)
- **UI/UX Design Tools:** Figma (wireframes & prototypes)
- **Languages :** English, Telugu, Hindi, German (Beginner – A1)

CERTIFICATIONS

- Certified System Administrator (CSA) – ServiceNow
- Certified Application Developer (CAD) – ServiceNow
- Certified Java Programmer – Igate Computer Education

ACHIEVEMENTS

- Secured Silver Elite Badge in NPTEL (Jan–Apr 2025): **Smart Grid – Basics to Advanced Technologies**
