CAREER OBJECTIVE

A highly motivated Computer Science student with strong hands-on experience in ServiceNow, Java, and full-stack web development. Skilled in building automation workflows, REST API integrations, and responsive web applications. Passionate about working on large-scale, and seeking an opportunity to contribute to company’s growth. To balance work and personal life.

EXPERIENCE

ServiceNow Intern BrainOvision Pvt. LTD12/05/2025 - 21/06/2025

- Worked hands-on with ServiceNow modules including ITSM, Incident Management, Change Management, Workflows, Forms, and CMDB.
- Gained experience in building automation workflows and understanding enterprise service management processes.
- Worked on real-time scenarios to strengthen practical knowledge of ServiceNow features.

SKILLS

- **Programming:** Java, JavaScript
- **Database:** SQL
- **Frontend Development:** HTML, CSS, Bootstrap, React
- **Backend Development:** Java (Servlets, JSP, JDBC), Spring, Spring Boot, REST APIs
- **Version Control:** Git/GitHub, VS Code, Eclipse
- **ITSM Tools:** ServiceNow(Incident, Change, Service Catalog and Knowledge Management)
- **Configurations:** Client Scripts, UI Policies
- **UI/UX Design Tools:** Figma (wireframes & prototypes)
- **Languages:** English, Telugu, Hindi, German (Beginner – A1)

TECHNICAL STRENGTHS

- Strong understanding of ServiceNow and ITSM processes
- Knowledge of REST API integration and system workflows
- Problem-solving and debugging skills
- Ability to build and integrate frontend and backend components
- Quick learner with adaptability to new technologies

EDUCATION

PBR VISVODAYA INSTITUTE OF TECHNOLOGY AND SCIENCE	2022-2026
B.TECH — CSE-IOT Kavali	GPA: 8.47/10
NARAYANA JUNIOR COLLEGE	2020-2022
CLASS : XII Kavali	Percentage : 85.7%
NARAYANA ENGLISH MEDIUM HIGH SCHOOL	2019-2022
CLASS : X Kavali	Percentage : 100%

PROJECTS

Employee Onboarding Automation – ServiceNow

- Built an automated onboarding system using Flow Designer and approval workflows
- Developed catalog items, forms, and CMDB updates for employee lifecycle management
- Integrated REST APIs for automated account creation and reduced manual intervention

Full Stack Web Application (Art Gallery Platform)

- Developed a responsive web application using HTML, CSS, JavaScript
- Implemented CRUD operations and admin dashboard functionality
- Designed backend logic for handling data operations and user interactions

Basic REST API Integration Project

- Developed and tested REST API integrations for data exchange between systems
- Implemented API calls for automation and backend communication
- Gained understanding of request/response handling and JSON data structures

CERTIFICATIONS

- Certified System Administrator (CSA) – ServiceNow
- Certified Application Developer (CAD) – ServiceNow
- Certified Java Programmer – Igate Computer Education

ACHIEVEMENTS

- Secured Silver Elite Badge in NPTEL (Jan–Apr 2025): **Smart Grid – Basics to Advanced Technologies**
